“..... All my residuary estate including the corpus that may fall after the lapse of life interests or otherwise to be divided into three parts-and I Bequeath One part to Aligarh University-one part to Islamia College Peshawar and one to Sindh Madressa of Karachi”

Bombay 30th May, 1939

SIR SAHIBZADA ABDUL QAIYUM  
FOUNDER OF ISLAMIA COLLEGE PESHAWAR

## Message

“Unless such a college is established where modern education along with religious education is imparted both to the beginners and the scholars, the youth of the Frontier will remain far behind their Indian brethren in education and culture.”

## Vice Chancellor's Message

It is a matter of immense pleasure for me to record my appreciation of the achievement that Islamia College Peshawar has made for nearly a century. This institution blossomed in the mind of Sir Sahibzada Abdul Qaiyum. The idea of establishing an institution for the educational pursuits of the sons of the soil always haunted his mind till his dream materialized in the establishment of Islamia College Peshawar with the introduction of classes in it in 1913.

Keeping the same journey in mind the administration and faculty of the college felt the need of a similar institution for the daughters of the soil. The sublime idea of establishing Islamia Girls College was brought forward and the foundation was laid on October 22, 2007. This provided us a new horizon to utilize our vision and educational skills in the field of female education.

I feel no hesitation to express that in future this movement of educating the young generation will continue with untiring zeal. Our objectivity is to upgrade and refine the potentials of our young students. I hope they will certainly be benefited from the unique academic environment of Islamia College Peshawar (Chartered University) and will try their best to materialize the expectations of their parents, teachers, and the society. It is hoped that the seeds sown will grow into a thriving tree providing shelter to the eager mind for the search of up-to-date knowledge in every sphere of life.

I earnestly pray for the success of my students and the Alma Mater.

## Message

**PROF. DR. IHSAN ALI**

Acting Vice Chancellor  
Islamia College Peshawar

It gives me immense pleasure issuing the prospectus for BS and Higher Studies, 2013-2014 on the auspicious eve of the centenary celebrations of Islamia College Peshawar. I feel that we are poised at a thought-provoking moment of history. Glancing retrospectively, one is filled with awe and admiration by the inspirational and perspirational energy of our elders of the stature of the Quaid and Sir Sahibzada that has not only transformed the landscape into a anorama of beauty but has also polished the hearts and minds of many generations. Indeed, a monument commemorating the glorious past shall soon stand erected. However, eulogizing the past glory alone is not enough. It must be coupled by our resolve to speak through our actions and commitment that we are worthy of managing the prospective journey of this great institution with the extreme sense of care and responsibility. We need to redefine our educational objectives in the light of the new challenges and upgrade the skills of our students accordingly thereby creating a unique academic environment in the lush green gardens of Islamia College to meet the challenges and expectations of the parents, teachers and the society.

.It's a pleasant satisfaction that the graduates of this great seat of learning have delivered excellently in all walks of life. Our first convocation shall soon confer degrees on our fresh graduates. Let me advise the yough that there is shortcut to everything in life except knowledge.

May Allah help us in our future endeavours.

## PREAMBLE

Islamia College Peshawar, upgraded to the status of a public sector university in 2008, is not just a college in the typical sense. It is not merely an institution meant to cover prescribed courses. It rather stands for a dynamic movement of enlightenment and a magnificent vision. It is a monumental fulfillment of the dreams of a great individual and the aspirations of a great nation. Since its inception in 1913, it has always remained an icon of Islamic values, oriental culture and academic excellence. Its motto epitomized in the Qur'anic words *دارالعلوم اسلاميه* (O Lord, enhance my knowledge) and its original name *رَبِّ زِدْنِي عِلْمًا* demonstrate its solid ideological foundations.

The commencement of the twentieth century was marked by an intellectual reawakening throughout the Muslim world, including the Muslims of the Indo-Pak sub-continent. They rediscovered the fact that bifurcation of knowledge in the form of life-detached conservative courses in madrassas on the one hand and value-free secular imported education on the other hand was against the spirit of Islam which advocates a unified and coherent mode of learning encompassing all dimensions of human life, while getting light from *the Qur'an* and The Sunnah of Allah's Messenger (Peace be upon him). This realization resulted in the establishment of some great institutions, meant to safeguard the ideological, moral and cultural frontiers of our youth along with enabling them to cope with the challenges of the modern world.

Islamia College Peshawar is one of these great institutions. The credit of its foundation goes to Sir Sahibzada Abdul Qayum Khan, a man of great vision and far-sightedness. The people responded to his call very enthusiastically. They generously donated lands, assets, valuables and their hard-earned money to contribute their share in the sacred cause of educating the youth of the Province without any discrimination on the basis of economic condition or social status. These pioneers of this intellectual movement conceived this College as a source of light, knowledge and sense of purpose for the Muslims of this crucially significant part of India. It was meant to pursue and accomplish on solid Islamic foundations the three objectives of education: character building, nation building and provision of skills.

Since its inception in 1913, the College has been brilliantly achieving all these objectives. It has successfully provided an environment based on Islamic values and oriental culture and has safeguarded the character of its students against cultural invasions and moral erosion both before and after independence. It has blessed the nation with many generations of complex-free, value-conscious, and purpose-oriented individuals, the most precious asset of a society.

# *Cerebrating 100 Years of Glory*

The vital role of this College in the formation of our nation is of monumental nature. Its students became the devoted advocates of two-nation theory and thwarted the conceptions of secular and prejudiced nationalism. In the pro-Pakistan campaign during the historic referendum of 1947, they went from door to door throughout the Province, advocated the case of Pakistan before the common people and won their hearts and minds alike. Nothing could better acknowledge the decisive role of the students and faculty of Islamia College in making the dream of Pakistan a reality than the Quaid's subsequent visits and his donating to it one third of his property. These tokens of affection displayed by the Founder of the Nation are a great asset of which this August institution will always be rightly proud.

Regarding the third point, Islamia College has been relentlessly providing potential leaders and manpower in all walks of life, equipped with exemplary zeal, professional competence and clarity of purpose. The professional accomplishments of its alumni and their contribution towards the development of Pakistan are dazzling. That is why being a student of this great seat of learning is a privilege, a life-dream of almost every student of the province.

Throughout its history, it has retained an enviable reputation as an unparalleled symbol of excellence in academics as well as in co-curricular activities. It has been providing quality education to all those that deserve it—rich and poor alike. In accordance with the aspirations of its founders and sponsors, it has served the nation with a missionary zeal without any commercial consideration, and has produced successive generations of enlightened youth. Besides, it has parented and generously nourished the University of Peshawar and diverse professional institutions on the Campus, including Engineering and Agricultural universities and Khyber Medical College.

Located on the gateway to the historic Khyber Pass, the College building has a unique architectural grandeur, attracting visitors and tourists from all over the world. Supplemented by the serene environment, lush green lawns and a rare combination of old and young trees, the College offers an ideal setting for learning and motivation. Its structure truly reflects its spirit and its magnificent surrounding adds to its glory. The classrooms, laboratories and the library are adequately equipped and effectively provide the needed services. The vast grounds for all major sports urge young bodies to be healthy in order to contain healthy minds and constructive thoughts.

### **HOSTELS**

Provision of accommodation in a Hostel is a privilege and not a right of the student. Since accommodation in Hostels is always limited, it is not obligatory on the administration to accommodate all the applicants. The object of Hostel residency is not only to provide shelter and food but also to focus attention on congenial, academic and homelier environment so that boarder shall develop/create love & affection with hostel bricks and walls. Besides, hostel life inculcates tolerance, brother hood, responsibility, moral and social values in the minds of the boarders. Further, hostels of Islamia College provide exemplary training for accepting the challenges and hardships of the day and to face them courageously. Additionally, hostel life inculcates the sense of discipline, cleanliness, punctuality, respectfulness for seniors and tenderness to juniors. Kindness and consideration towards other should be the motto of a boarder's education.

There are 11 hostels on the Campus classified for different disciplines. Hostels are specified for BS & BCS, Intermediate classes (morning) & (evening). Arbab Behram Menzil is a specially designed hostel for the talented students of Intermediate classes which is our identity and pride.

Administration is managed by a team led by the Provost including Service Staff, Resident and senior Wardens. The sole objective of the management is to mould the raw into a pearl. Their attitude is always tutorial and not dictatorial. Character building of the boarders is done through counseling and not through penalty.

Penalty is the last option and instrument to mend ways of the boarders to adopt life of peace, peaty and discipline.
